

**BRACKET FOR TRIADE** with pin is a valid complement to the concealed shelf support TRIADE. Ideal to improve the shelf support capacity loading by evenly distributing the shelf load on the wall through a  $\varnothing 8$ mm pin.

The  $\varnothing 8$ mm pin allows to reduce the load taken by the two fixing screws.

Part. no	Description	Finish
16215020ZN	Bracket for TRIADE	Zinc-plated
60334030ZN	pan head screw M5x12mm	Zinc-plated

## FIXING TO WALL

Fixing the TRIADE onto the bracket with pan head screws M5x12mm.

Fixing the assembled TRIADE & bracket:

- to cement wall with rawplugs  $\varnothing 8$ mm & pan head screws  $\varnothing 5$ x50mm.
- to wood panel with 2 pan head wood screws  $\varnothing 5$ mm.
- to plaster board with umbrella fittings  $\varnothing 8$ mm & pan head screws M4x16mm.

It is the responsibility of the customer:

- to ensure the wall is of a suitable quality to hold both the inserting of the bracket with pin and the TRIADE in place.
